Florida County Detention Facilities

November 2023

Inmate Profile Summary

This report summarizes county information mandated to be collected by F.S. § 951.23(2) and submitted to Florida Department of Corrections. It provides a monthly profile of inmate populations inside Florida's detention facilities. For counties that can not submit data using standardized instruments it provides approximated data.

Table 1, pages 1 & 2, features the Average Daily Population and incarceration rate in each county.

Table 2, pages 3 & 4, lists the number and percent of felony and misdemeanor pretrial inmates at each detention facility.

The Jail Population Summary (Table 3, page 5) lists detention center totals for the year to date.

Average Daily Population

As reported, there were an estimated 51,767 inmates in Florida's county detention facilities during the month of November 2023. In comparison, in November 2022, there were 53,650 inmates incarcerated by county facilities in Florida. This is a 3.5% decrease from last year.

Questions pertaining to the statistics in this report, mailing lists, jail data, F.S. § 951.23(2), or requests for additional forms should be directed to the Florida Department of Corrections Bureau of Research & Data Analysis at the e-mail address: co.dcresearch@FDC.MyFlorida.com

Note: County population figures are estimates of the April 1, 2022 population as calculated by the University of Florida, Bureau of Economic and Business Research.

*If November's jail population for a facility was not transmitted at the time this report was published, then population numbers from another month are used in the place of the missing data and the date for these numbers is given. If the information transmitted to the Department was for the current month, but it did not conform to the standards established by the instrument developed per §951.23(2), then only the month's population average is provided and "Date Reported" will reflect the current month. Otherwise no date infers that the facility reported timely and per the §951.23(2) instrument standard.
