

33-601.215 Classification – Transfer of Inmates.

(1) Upon completion of the reception process, each inmate will be assigned and transferred to the institution or facility approved by Classification that is most likely to facilitate the inmate's institutional progress. An inmate may subsequently be transferred from one institution to another to serve the Department's mission as it relates to the classification and management of the state prison population and to best serve the needs of the inmate.

(2) An inmate participating in an academic, vocational, substance abuse, or betterment program will not be transferred to another institution prior to completion of the program unless the program is available at the receiving institution, or for purposes of population management or security and safety concerns specifically set forth in writing.

(3) An inmate who meets specified criteria may request a good adjustment transfer from his or her current institution or facility to certain other institutions or facilities in another part of the state. An inmate may request a transfer by completing Form DC6-187, Inmate Request for Good Adjustment Transfer, which is hereby incorporated by reference. Copies of this form are available from the Forms Control Administrator, 501 South Calhoun Street, Tallahassee, Florida 32399-2500, <http://www.flrules.org/Gateway/reference.asp?No=Ref-13410>. The effective date of this form is 08/21. The criteria for a good adjustment transfer are set forth in Form DC6-187. The criteria set forth in Form DC6-187 must be met by an inmate at the time he or she requests a transfer and must continue to be met until the transfer occurs. The Department does not guarantee that an inmate will be transferred to one of his or her preferred locations as requested on Form DC6-187. In the event the Department does not transfer the inmate to one of his or her preferred locations, the inmate will be transferred to another institution or facility in the geographical location near one of the preferred locations based on the Department's interest in population management, security, and safety, and the inmate's needs.
