33-602.101 Care of Inmates.

(1) – (3) No change.

(4) For security and identification purposes, no inmate shall be permitted to have his or her hair, to include eyebrows and facial hair, dyed, cut, shaved or styled according to fads or extremes that would call attention to the inmate or separate inmates into groups based upon style. This would include, for example, tails, woven braids, cutting, sculpting, clipping or etching numbers, letters, words, symbols or other designs into the hair. Male inmates shall have their hair cut short to medium uniform length at all times with no part of the ear or collar covered. Male inmates shall be permitted to shave their entire heads in a uniform manner unless the inmate is using his hairstyle or lack thereof to demonstrate gang affiliation or otherwise pose a threat to institutional security. Partial shaving of the

head in a Mohawk or other distinctive style shall not be permitted. Sideburns shall not extend beyond the bottom of the earlobes and will have straight lines with no flare at the base. All inmates shall be clean shaven, with the exception of inmates housed at facilities designated by the Department to house those with a mental health classification of S-3 or above, who shall be clipper shaved three times per week. A mental health classification of S-3 or above refers to inmates who need, at a minimum, ongoing outpatient mental health services with psychiatric consultation as clinically indicated. At those facilities that do not house inmates with a mental health classification of S-3 or above, the warden shall require that inmates be clipper shaved three times per week if allowing the possession and use of razors creates a substantial risk to the security of the institution or the safety of inmates and staff. In determining whether to require inmates to be clipper shaved, the warden shall consider the number of inmate-on-inmate and inmate-on-staff assaults, the number of incidents of self-injurious behavior, and the number of homemade weapons discovered at the facility involving the use of razors, and any other factors related to the security, order, or effective management of the institution. Additionally an exemption from the requirement to remain clean shaven shall be granted on the basis of a medical diagnosis when it is determined by the staff physician that shaving would be detrimental to the inmate's health. Inmates granted a medical exemption from the shaving requirement may be required to keep their facial hair closely trimmed with scissors or clippers. For the purposes of this rule, "closely trimmed" means trimmed so that no part of the facial hair exceeds the length prescribed by the physician as necessary to prevent the appearance or reappearance of skin disorders. If no specific length is prescribed, then facial hair shall be kept trimmed to within one-quarter inch. An inmate who has been granted a shaving exemption shall maintain the written exemption on his person at all times when outside the assigned housing unit.

(5) – (13) No change.
