# **County Detention Facilities**

**June 2002**

## **Inmate Profile Summary**

This County Detention Facilities Summary provides a monthly profile of Florida's detention facility inmate populations. Monthly Average Daily Population (ADP) figures include male, female, adult and juvenile inmates.

These population figures are arranged into felony, misdemeanor and "other" subcategories in Table 1. "Other" includes the number of parole violators, state inmates, undocumented aliens, holdings for other jurisdictions and individuals detained under the Baker (mental health) and Myers (alcoholism) Acts. Within felony and misdemeanor subcategories, the number of inmates sentenced, held for trial or sentencing, and those detained or sentenced for violation of probation are listed.

Table 2 features the Average Daily Population and incarceration rate in each county. Table 3 lists the number and percent of felony and misdemeanor pretrial inmates at each detention facility.

The Jail Population Summary (Table 4) lists detention center totals for the year to date.

**Questions pertaining to the statistics in this report, the mailing list or requests for additional forms should be directed to Lori Nolting with the Florida Department of Corrections' (DC's) Bureau of Research and Data Analysis at (850) 410-2500.**

**COUNTY DETENTION FACILITIES  
PROFILE SUMMARY**

## **June 2002**

### **Average Daily Population**

On the average, there were 51,969 inmates in Florida's county detention facilities during the month of June 2002. The statewide average daily (ADP) totals include 44,805 adult males (86.2%), 6,467 adult females (12.4%), 670 juvenile males (1.3%) and 27 juvenile females (0.1%). The overall distribution of male and female inmates has remained constant in county detention facilities for the past several years. The following provides an analysis of the inmate population for June 2002:

### **JUNE 2002 JAIL POPULATION RECAP**

- 73.7% of the total inmate population was incarcerated for felony offenses, while 20.2% were detained for misdemeanor crimes. All others confined amounted to 6.2% of the total population.
- Juveniles accounted for only 697 or 1.3% of the overall inmate population, with the majority (670) being male. Most juveniles (96.4%) were charged with felonies.
- The majority (87.5% or 45,475) of those incarcerated in county detention facilities in June 2002 were male.
- Offenders held for trial represented 57.4% of the inmate population.

### **Incarceration Rates**

In June 2002, the statewide county detention incarceration rate was 3.3 per 1,000 county residents based on the population estimates for April 1, 2001. The county population estimates are provided by the Bureau of Economic and Business Research at the University of Florida. Incarceration rates ranged from a low of 1.5 in Flagler County, to a high of 9.5 in Franklin County. Other counties may be experiencing high incarceration rates due to the contracting of bed space for federal inmates.

### **Pretrial Population Levels**

During the month of June 2002, 29,853 of the inmates housed in county detention facilities were classified as awaiting trial. Of these, 24,547 offenders (82.2%) were awaiting trial for felony offenses while 5,306 (17.8%) were detained for misdemeanor violations. Of the 56 counties reporting, 32 had over half of their populations awaiting trial.

## **Notes**

The numbers in this report do not include the following facilities: Baker County Jail, Bradford County Jail, Charlotte County Jail, Dixie County Jail, Gulf County Jail, Highlands County Jail, Holmes County Jail, Indian River County Jail, Liberty County Jail and St. John's County Jail. In addition, Orange County reported offenders in Prelude for 9 days and Lake County included offenders in Prelude in their ADP for 21 days. Sumter County reported an ADP of 128.
