Based on the exhibits, witnesses’ testimony, and the record as a whole, presented or available to the primary inspector, the following findings of facts were determined:

Investigator's Note: The summary findings listed below were obtained from the FDLE investigative reports associated with FDLE Case# OR-37-0064.

According to FDLE Special Agent Kevin Kulp, on July 28, 2017, at approximately 18:30 hours, The Florida Department of Corrections (FDOC), Office of the Inspector General (OIG), requested the FDLE respond to Martin Correctional Institution regarding the in-custody death of Inmate Smith, who was found deceased in his cell. Inmate Smith pronounced deceased at 18:06 hours.

FDLE Special Agent Kulp arrived at Martin Correctional Institution and was directed to the prison block where the body of Inmate Smith remained. Special Agent Kulp was advised that Inmate Smith had been found deceased in his cell, D3-113. Photographs were taken of the body of Inmate Smith consistent with observations previously made on different inmates that had been confirmed of having a history of smoking different narcotics to the point where the fingertips became stained. Special Agent Kulp indicated he reviewed and photographed Inmate Smith’s cell. Nothing of evidentiary value was recovered from within the cell.

According to Lieutenant Johnny Harris, on July 28, 2017, he responded to D3-dormitory after overhearing radio transmission asking for assistance inmate. According to Special Agent Kulp, a review of the video showed Inmate Perez coming out of a cell that was across the walkway in between the two (2) sides of cells. Inmate Perez was observed walking straight to the area where he could communicate with the officer's station. Inmate Perez was not observed first going to his cell for count and seeing Inmate Smith as he indicated in his sworn statement.
